

RETROLICIOUS

BY CODECELERATORS

first part: introduction

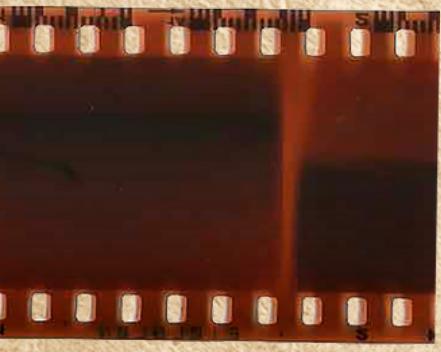

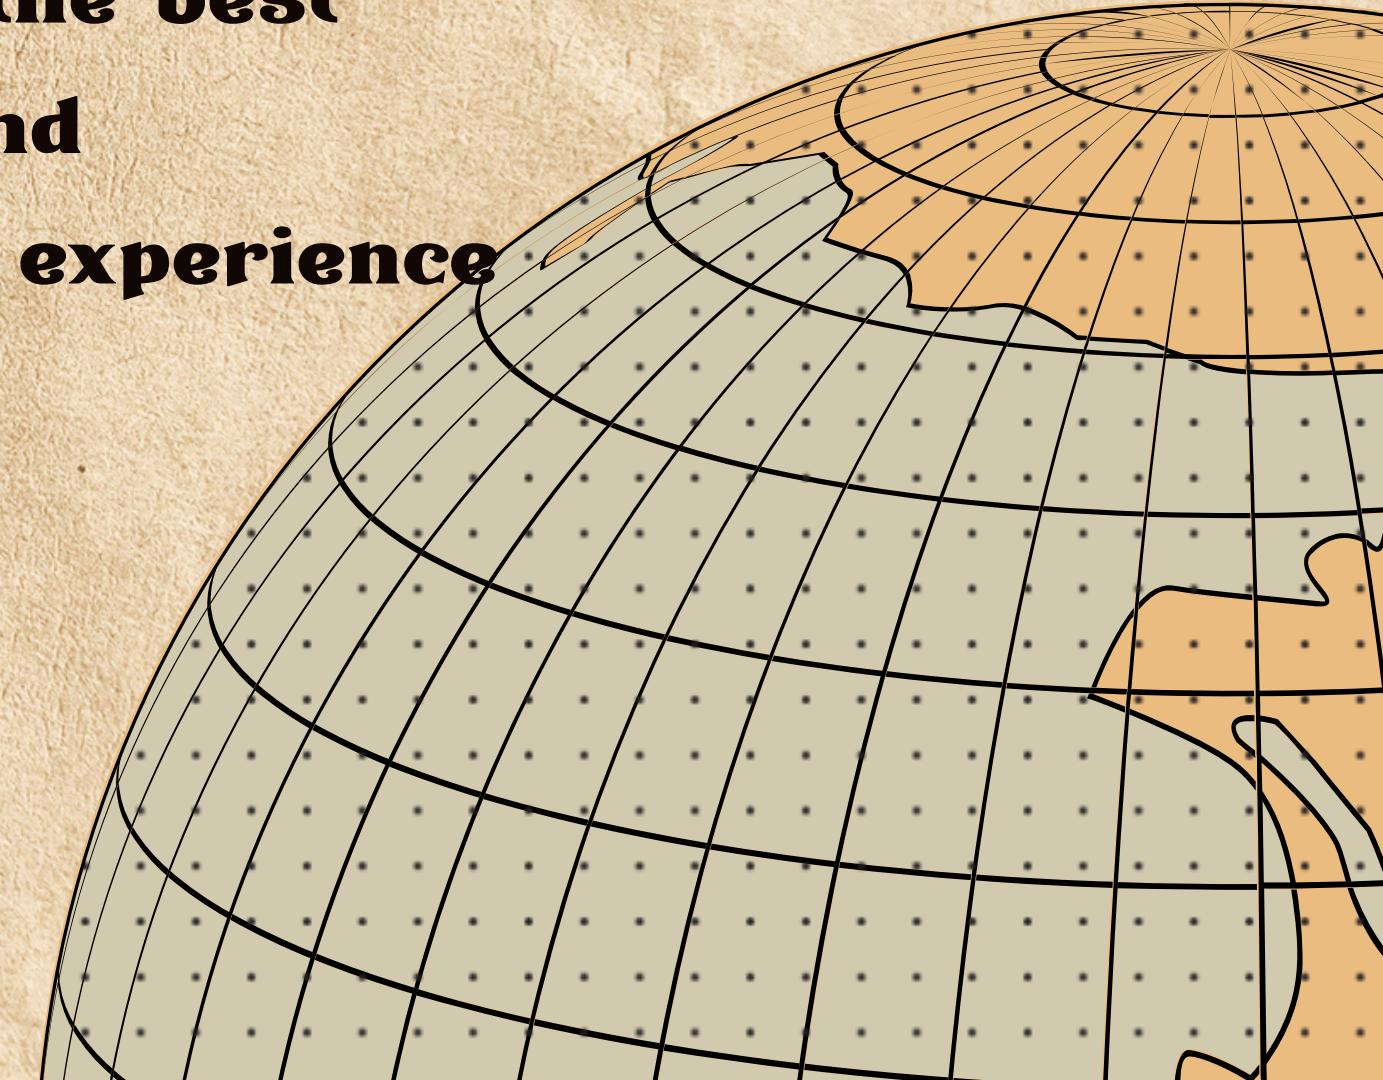

FRONT-END DEVELOPER : MUHAMMAD AFIF AKASHAH

BACK-END DEVELOPER : AVINAASH A/L NATHAN

CONTENT CREATOR : SANTHOSH A/L THIYAKARAJAN

About us

our story begins with when spirit of the 70s era comes alive in every flavour! We blend vintage bites and soulful bites into the best dining experience that's nostalgic and delicious. We want our customer to experience the vibe and dishes from the 70's .

main objective of our website ?

- Promote the restaurant
- Able to place order variety of dishes
- Able to email the restaurant
- Able to pay online

reason of why we wanted to create this website

We created this website because we want the visitors to experience the 70's vibe before they visit our restaurant. Other than that, we wanted the restaurant to reach a wider audience and we want to promote the restaurant.

Part two; concept

Inspiration

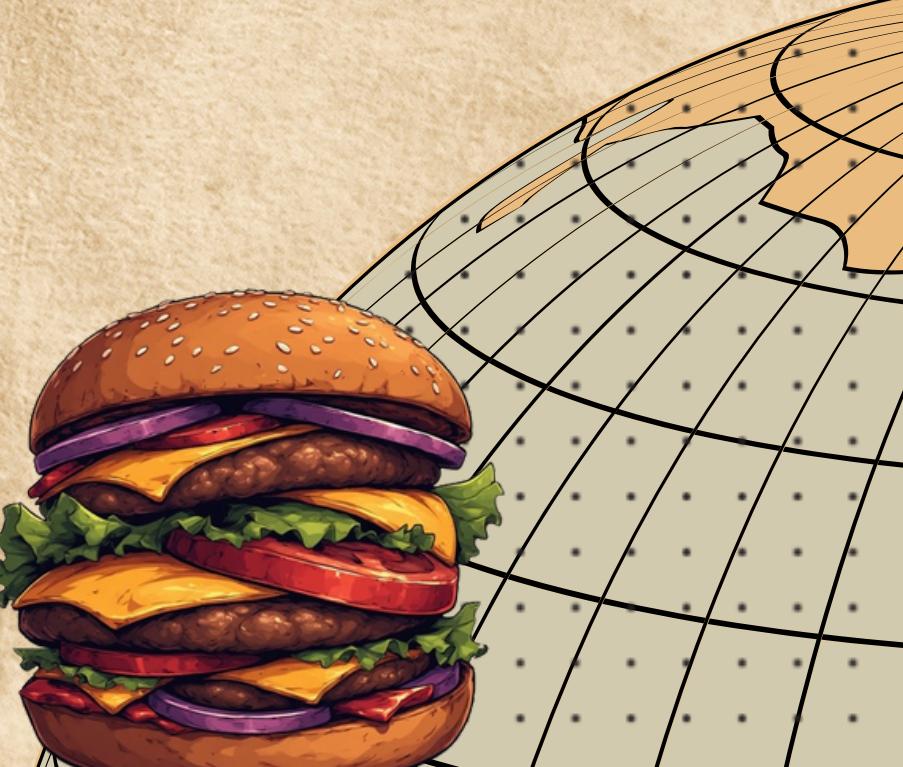

We wanted to create this website because we loved the 70's era, when jukeboxes ruled the corner booth, milkshakes came with two straws, and diners were the heart of every neighborhood. This project is our way of bringing the magic of the past into the digital age

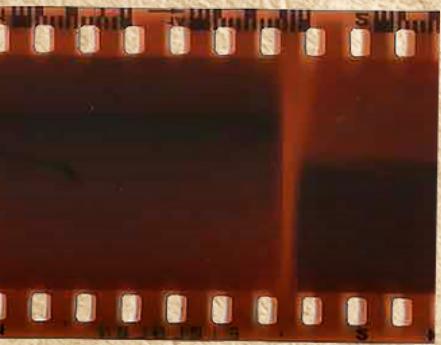

Target audience

who is the primary users of our websites

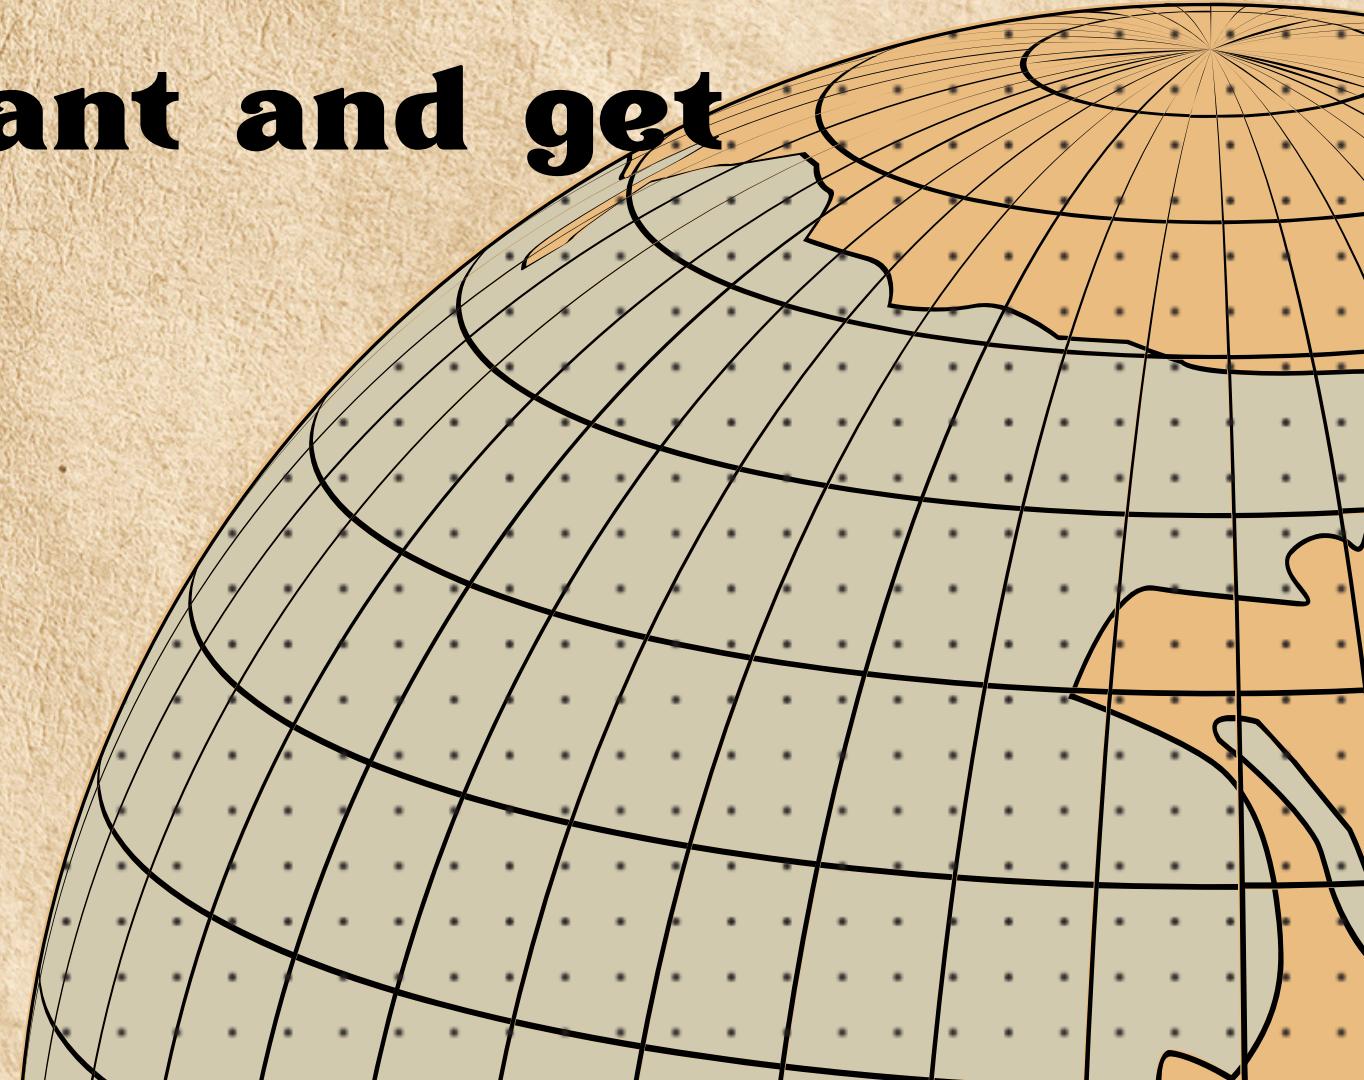

- 1. people who want to order food online**
- 2. People who want experience 70's dining**
- 3. people who want to learn more about the restaurant
in general**

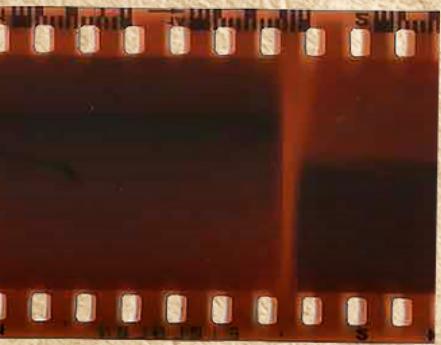

Who are we designing for ?

**We are designing this website for ourself
so, we can promote our restaurant and get
more customers.**

What needs does it fulfill

- Our need to promote the restaurant
 - To reach a wider audience
 - Able to order food through our website
- 

Third part: development

Programming language used to develop our

website

HTML

JS

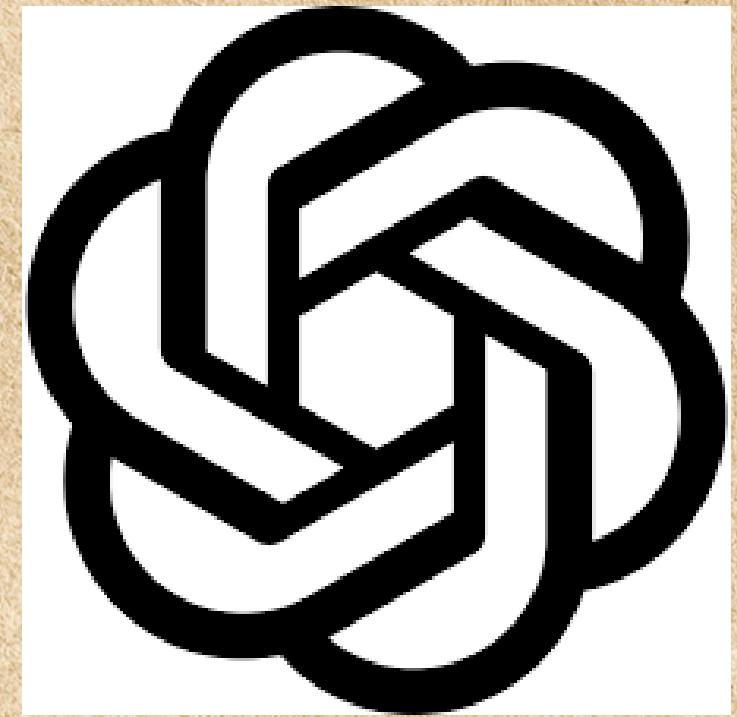

php

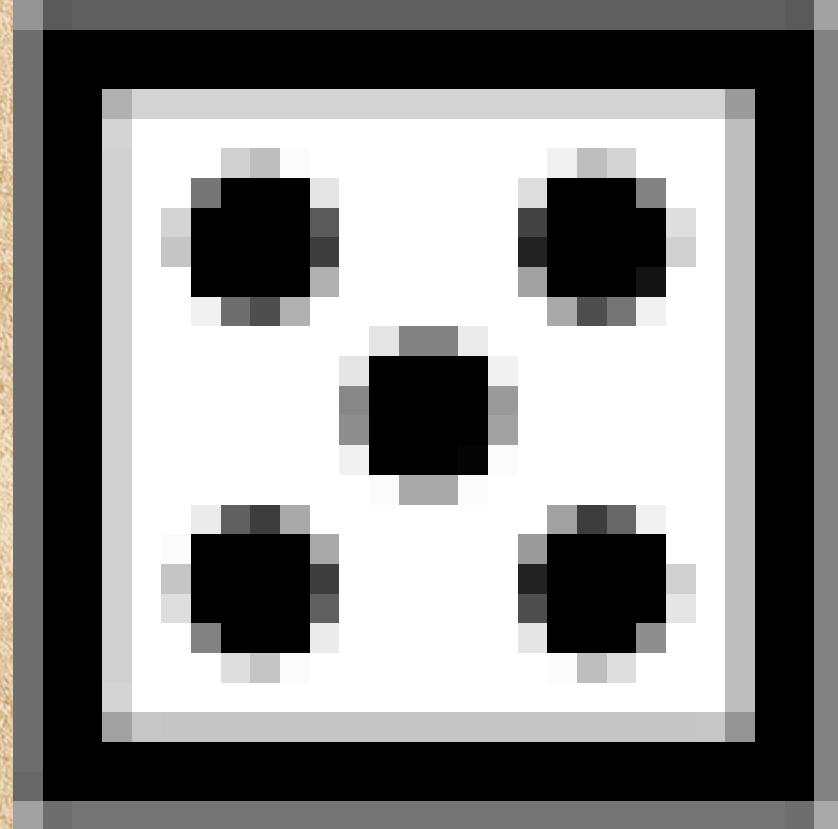

CSS

Tools helped to develop the website

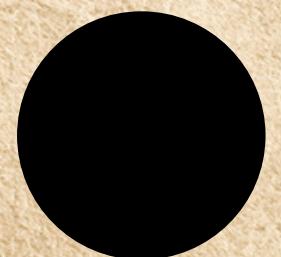

XAMPP

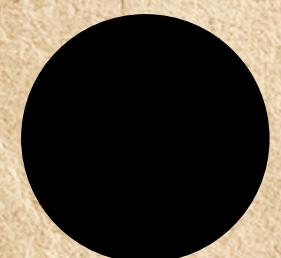

Main Functionality

The website allowed our customers to buy our food from online. Our customer can scroll through our diverse menu and they can pay us through online . Other than that, the website can record when our customers when they buy foo from our website.

Possible future improvement

IMPROVE THE USER INTERFACE

**OPPTIMIZE MOBILE MOBILE VERSION OF
THE WEBSITE**

**ADD REAL- TIME DELIVERY
TRACKING FEATURE**

A collage on a textured, light brown background. In the upper left corner, there's a large, dark grey feather. In the lower right corner, a blue vintage car is partially visible. A central graphic features the words "Thank you" in a bold, white, sans-serif font. The word "Thank" is positioned above "you". They are set against a banner that has three curved stripes: black at the top, orange in the middle, and yellow at the bottom. A single brown leaf is placed on the black stripe. The entire graphic is tilted diagonally.

Thank
you
